Directed Drawings

Hello! .. and THANK YOU for purchasing this directed drawing unit.

I do directed drawings with my first grade class all year long. They are excellent activities for practicing following directions, recognizing and drawing shapes, and understanding positional words.

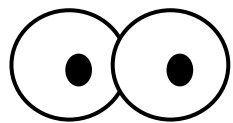

The materials I suggest are:

pencils, white drawing paper, Sharpies, and colored pencils.
{That's all!}

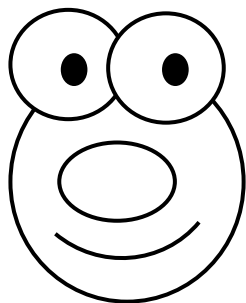

Sometimes, I do cut the drawings out and we create a background scene .. so you might use construction paper, markers, paint, glitter, etc if you WISH to mount the drawings on a background.

I also occasionally use wiggly/googly eyes!
